## RED INFARED REVITALAZER USES

Many professionals such as Chiropractors, Veterinarians, Sports Medicine doctors and pain centers are now using Laser technology to treat their clients and patients.

**ADD/ADHD:** Use around the ear lobes (auricular points), shine at middle of tongue, shine across the line at base of skull and up along the mid-line of the head. This can also be useful for autism and other learning and brain dysfunctions.

**ADDICTIONS:** Shine on the edges of the ear, concentrating on the edge of the ear, just below the top back curve of the ear. Use several times a day while detoxifying.

**ASTHMA/BRONCHITIS:** Use on the lungs by pointing it directly on the chest as close to the skin as possible for a few minutes or until relief occurs.

**BACK/SPINE ALIGNMENT:** Shine across the hips and up and down spine for 1-2 minutes to assist in hip/back alignment.

**BLOOD CLEANSING/ENERGIZING:** Shine 1" below navel for approx. 2 minutes

**EAR INFECTIONS:** Shine around earlobes, on mastoid bone behind ear and on Eustachian tube down into the ear. Also shine into ear canal to work on bacteria or fungus.

**JET LAG:** When arriving, use on the back of the knees.

**EAR CONING/EAR CANDLING:** While coning or candling, run along all ear points and Eustachian tube and back of the ear. Seems to allow ear to release more wax and yeast.

**HYPOTHALAMUS/PITUITARY STIMULATION:** Shine on the middle bottom of the large toes.

**INJURY:** Shine on wound to assist with closing of wounds and reduction of bruising on injured body parts.

**LIBIDO BALANCING:** Concentrate on the upper area of the ear particularly the top back curve of the ear and on the inside of the ankles.

**NAUSEA/SEASICKNESS:** Use on the auricular points as well as the finger tips and the web between the thumb and forefinger on both hands.

**SINUS ISSUES/INFECTION:** Use on third eye area in the middle of the forehead and beneath the nose in the dips of skin at the bottom side of the nostrils (AVOID DIRECT EYE CONTACT).

**TOXIC MATERIALS EXPOSURE:** If already exposed, use on the following areas: side of nostrils, auricular points, base of head, across the middle to the top of the head to reset your body.

**PETS:** Use on pets to increase cellular regeneration without any tissue damage. Produces healing benefits to treated tissue and has been shown in studies to increase healing much faster than conventional treatment procedures.

## RED INFARED REVITALAZER TESTIMONIALS

*"I have dealt with high blood pressure for numerous years. Recently, it had gotten so bad I believed it was time to write my final wishes for the benefit of my family. I had called my son to my house on a morning when my blood pressure was extremely high, something like 225 over 119. While he was there, I had the thought of asking him to use the Red NaturaLaser across my lower back and up and down my spine. He took a few seconds to do so and then I retested myself. My blood pressure had dropped considerably to 160 over 80. I asked him to use the Red NaturaLaser again and retested. My blood pressure was normal! I have noticed in the weeks to follow that my blood pressure continues to rise, but as long as I use the laser every time, it is controlled!" — Reuben S., NC*

*"My daughter came down with a bladder infection, and screaming in pain. I used the red laser and lasared her bladder accupressure points on her feet and teeth. She fell asleep and woke up 30 minutes later with no bladder infection!" — Lisa, FL*

*"I have developed Arthritis in my hands and one of worst areas is in my right thumb which was really bothering me the other night. Any time I would bend or flex it there would be a sharp pain in it. I simply held the Red NaturaLaser and held it on the spot where the pain was originating and in 10 or 15 seconds the pain was totally gone. I love to play the piano and using the laser on it gives me full dexterity of my hand and thumb. It is just wonderful to be able to have access to something that can really change your life." — Don, TX*

*"My son wrenched his back and hurt his hip very badly trying to get his mother-in-law in and out of her wheelchair. The next morning he was in so much pain. I used the Red NaturaLaser all over the area, returned in the afternoon and did the same thing. He hadn't slept at all the night before but told me the next day he had a fabulous sleep and was up doing laundry at 7:30am. So when I came over he hugged me so tight because he couldn't believe he was in so much pain and that it went away so quickly." — Sharon, NJ*

*"I was smacking my shoe on wall to get the sand out. I forgot that is where the wasps are... I got stung right in the face... These guys sting really hard. A pain shot down through the whole side of my face immediately, my jaw felt tight... It brought me to tears, and the whole side of my face was swollen and very red — even my nose, up to my forehead. I used the Red Naturalaser for a few minutes, on and off for a few hours. My co-worker, who thought I would be like that for a day or two, could not believe how much the swelling and redness went down so fast!" — Sierra, Costa Rica*

*"I was moving some flagstones which were big and heavy rocks and as I was moving one, my finger got in between 2 of them and I really smashed my finger busting open. Immediately the blood came out and started throbbing and was hurting big time. I grabbed the red laser and ran it up and down my finger and within a matter of few seconds to less than a minute the throbbing went away and the blood stopped. It was still very sore to the touch but the pain went away and no more bleeding. I was very excited to get some relief in that short time and was glad to have my red laser around. The products are absolutely amazing. I have never seen a product in my 30 + yrs experience in this industry where you can get instant gratification." - Mike, TX*
