GREEN REVITALAZER TESTIMONIALS

"I had a raised patch of red itchy skin on my left calf that bothered me off and on for some time. I applied the Red NaturaLaser and Frequency Disc to relieve the itching each time it occurred. Last July, I had the opportunity to try the Green NaturaLaser on the spot. I shined the green laser light for about 2 minutes on the area. The itch was immediately relieved, and the red raised surface disappeared a few minutes later. It's been a year now and the red patch and itch have not returned." — Lorraine E., ME

"About a week ago, I awoke about 3 am. My right ear was in great pain, including my right jaw and right throat area. I quickly used the Red and Green NaturaLasers in my ear, on my jaw, and throat areas, directly in and around the ear, throat, & into my mouth for about 10 minutes. In 1 hour I repeated same. By 6 am, all pain was gone, except for a slight pain in throat area and that was gone by the end of the day." — Reuben S., NC

"I have had a good results with ear infection. I was at my son's house over Thanksgiving and one fo the neighbor's boys had an ear infection which the Chiropractor said it was milk allergies so they took him off milk for several days. He was better but she wanted me to test him and his ear was still testing weak. I loaned her a Green Laser to use for the weekend. She shined it inhis ear for one minute twice a day for 3 days and brought it back. When I retested the boy, his ear was really strong." — Marva, FL

"Yesterday I had a canker sore come up on my lower lip and my tooth was catching it. I have the Green NaturaLaser which I used on it for a minute and watched the canker sore go from an open sore to being closed over and the swelling must have gone down as my tooth didn't catch it after that." — Jan, OR

"I recently was splattered by hot oil from the frypan. In moments, my hand became bright red, swelling rapidly. The stinging started and I knew I was in trouble. I used the Red NaturaLaser for about 10 minutes, alternating with the Green NaturaLaser for about an hour. I slept with the 3.5" Frequency Disc through the night. The next morning there was no redness, no sting, and no swelling. I didn't use any other products! Proof for me!" — Robin G., FL

"On Wednesday, I was involved in a home painting project and received an injury to my right foreman as a result of a ladder being dropped on my forearm. I immediately grabbed the Red and Green Naturalasers and cared for myself for about 10 minutes. I could feel the pain leaving my arm and my field. I continued painting for several more hours that day. I did treat myself with the Red NaturaLaser and Green NaturaLaser later in the evening one more time for about 15 minutes. On Thursday, I have minimal brusing, no swelling, and minimal tenderness today. I have painted for several more hours with no limitations of pain. Again, I am amazed with pureVibranz technology! I am so grateful." Aria J., MN

"I was shocked to see the swelling in my sister's ankle and foot after 12 years of poor circulation caused by a car accident. Even worse, the skin on her foot was grey and the toes were closer to black. All toenails had fungus. As I massaged Citrus Silk into her ankle and foot, I felt how her skin had hardened. I then used the green laser on her lower leg, foot and toes. After 5 to 10 minutes she said she thought she could feel something changing. My husband and I looked down to her foot and we were amazed what we saw right before our eyes. Her feet weren't normal, but they were pinkish rather than black. I was so happy to see there was something to bring life back to her foot." — Pam, MD

"One of my favorite pureVibranz tools is the Green NaturaLaser. It has a very profound effect on the body; it addresses organs and body systems through the meridians or pressure points. Over the past 10 years doctors have tried to get me to take blood pressure medication-they keep calling my blood pressure borderline and much to their dismay, I've been refusing. Last May my Chiropractor suggested I start using the Green NaturaLaser on the 9 heart meridians on my left arm. My acupuncturist suggested that I add two large intestine meridians and 2 liver meridians. So I used the Green NaturaLaser on each of these points for 30 seconds each, 3x a day and that's all it took to see a positive change in my blood pressure within 10 days. I august I have an annual physical and my doctor called my blood pressue "perfect". The meridians are HT for the heart (1-9); LI for large intestine (4); LR for liver (3). Just want to say "thank you" pureVibranz for keeping me chemical free." — Ted, NJ
